END OF AUGUST 2022 REPORT

Greetings in the name of our Lord Jesus Christ. We praise God that we are fine and I am happy to inform you that this month very few children fell sick and we are moving on well.

We also got a challenge with the sick twins who had Hernia and they were operated successfully in Lubaga Kampala. We appreciate the staff that took care of them for two weeks in Kampala.

Noah and Nathan after operation

They look so health now

Some volunteers with children

Matron Betty with some of the volunteers

Some donors from Children Need Parents visited us and we moved around with them in our farms. We were so happy for all the efforts they normally put in to make the Home move on well.

Our donors visited Kagote plantation

Tadeo working in the plantation

The donors also visited Kasiisi farm

They have done a great job to give us food

Home Status

The Home is moving on well with 55 children now, 33 boys and 24 girls. The Home has 22 Staff and 13 volunteers and they are doing a great job by attending to their regular duties.

NEW BABIES

We got 1 baby this month.

Baby Drake Solomon Mugisa is 2 months old born of a mentally sick mother who couldn't take care of him. The mother was promising to kill the baby and was seen all the time moving aimlessly with the baby.

The police together with the probation officer brought him to the Home for safety.

Solomon is 2 months

He looks so health

RESETTLING OF CHILDREN

We have reunited one child Ahumuza David with his parents. The mother had abandoned him due to domestic violence but the probation officer together with the police united the parents and they later picked their boy.

SCHOOL

The children are still in the holidays and Teacher Irene is busy with them doing their holiday package. She is doing a great job to nurture these innocent souls and the children are very happy.

MEDICATION

We are getting our good services from Maranatha medical center.

We had a health Education talk show with the health workers from maranatha about HYGIENE AND SANITATION and we shared a lot about:

- i. Keeping our toilets clean
- ii. Cleaning the babies especially girls
- iii. Bottle feeding
- iv. Pampers or waste disposal
- v. Outcomes of poor hygiene and sanitation

Staff health education going on

Some questions were asked and staff answered

PHYSIOTHERAPY CLASSES:

The physiotherapy classes are still going on and some children are improving greatly especially Keron who will be discharged next month. Keron is now walking and he can eat alone.

Gift is also improving with a help from Ruth. She has put a very big smile on Gift's face and she can now play on swings and trying to eat a snack on her own.

Gift being trained to stretch the legs

Ruth doing some physiotherapy on Gift

SPECIAL MEALS FOR CHILDREN

We still have our special meals for some children and we see some changes in their health. Ruth our volunteer and Annet the laundry mother prepare this food. These two ladies have done a great job to prepare the meals.

Kasiisi project

Kasiisi is doing well. We are get food every week. We get matooke, sweetpotatoes, cassava, pumpkins and vegetables.

We are now planting new crops because the second season in the year has started. We have planted beans, Irish potatoes, sweet potatoes, cassava and pumpkins.

The two farmers are doing a great job to give us food always.

The 2 farmers with the visitors

The visitors appreciated the work well done

Kagote project

Kagote project is doing a great job. The plantation is now improving and we planted a new one which has started giving us matooke.

Appreciation

- i. We appreciate the international Donors especially Children Need Parents who continuously support the running of the Home, pay staff salaries and pay schools fees for our children with disability and pay medical insurance for children and staff. We appreciate the love and care you normally show us. We appreciate the donation of the new bed and beddings for Mary

- ii. Partnerschaft Gesunde Welt who help in the daily running of the Home and paying all the medical bills. We appreciate all the medical bills you paid for Nathan and Noah when they were operated in Lubaga Kampala.
- iii. To the volunteer Ruth who helps the children with physiotherapy and she has really put a smile on these children especially Gift. Gift can now sit alone and always with a smile.
- iv. We got 2 more new Germany Volunteers Greta and Noa and they are now getting used to the Home and children.
- v. To all the staff members who make this Home move on very well and always putting a smile on these innocent souls. I appreciate their efforts.
- vi. To all the Trustees and Board Members for the love and support despite of the little time they have.

Thank you for the Care you give us.
