END OF MARCH REPORT

I greet you all in the name of our Lord Jesus Christ. Let me Hope all is well.

We are pushing on well with a few sick children in the hospital but improving steady.

Home Status

The Home is moving on well with 48 children now, 25 boys and 23 girls. The Home has 22 Staff and 09 volunteers and they are doing a great job by attending to their regular duties.

NEW BABIES

We got 3 new babies this month. 2 are twins and 1 boy.

The twins

We got twin boys Kato Noah and Isingoma Nathan who were abandoned in a forest in Bunyangabu district. The well-wishers heard them crying in a forest and they were rescued but they were malnourished, so we took them to the hospital and up to now they are on treatment.

Just got from the forest

Twins in the hospital

We also got Edward Kisembo who lost a mother after birth and the father is so helpless with more 6 children to take care of. The probation officer brought him for rescue and he is doing well.

They are responding on medication very well and they have added on weight.

He is so jolly

RESETTLING OF CHILDREN

We have not resettled any child this month but hopefully in March we are likely to resettle some and others will be going for Fostering.

SCHOOL

The children are still at school and in April they are getting their holidays.

MEDICATION

We still had the cough and flu but we have some now. Some children were admitted but now they have improved and back home.

PHYSIOTHERAPY CLASSES:

Our Physiotherapy classes are always on two times a month by Kyaninga and the training to the Volunteers is still going on well. We had the best training this march and the volunteers are doing the best with the disabled ones.

The Physiotherapists normally do the training from the Home and sometimes they go to Kyaninga with the children.

Ruth is still doing a great job with Gift and she is improving very well.

SPECIAL MEALS FOR CHILDREN

We still have our special meals for some children because they lacked some nutrients in their bodies. They like the meal so much.

RENOVATIONS

The renovation was finished and the staff house looks so good.

Our dining room so nice

Kasiisi project

Kasiisi is doing well. We are now preparing our new gardens to plant new crops like beans, maize, sweetpotatoes, cassava and many others.

New garden for irish potatoes

Cassava garden

The gardeners do a lot of work

New beans garden

The farmers are doing a great job and we have more gardens of beans, pumpkins, maize , cassava and sweet potatoes.

Kagote project

Kagote is doing a great job . The plantation is doing well and we are planting new crops this season.

We harvest matooke every week and Tadeo is doing great work.

Appreciation

- i. We appreciate the international Donors especially Children Need Parents who continuously support the running of the Home, pay staff salaries and pay schools fees for our children with disability and pay medical insurance for children and staff. We appreciate the love and care you normally show us. The Staff appreciates all the care and love you show them to recognize their tireless work.

- ii. Partnerschaft Gesude Welt who help in the daily running of the Home and the renovations around the Home and paying all the medical bills.
- iii. To the volunteer Ruth who helps the children with physiotherapy and she has really put a smile on these children especially Gift.

- v. To all the staff members who make this Home move on very well and always putting a smile on these innocent souls. I appreciate their efforts.
- vi. To all the Trustees and Board Members for the love and support despite of the little time they have.

Thank you for the Care you provide for us.
