END OF JULY 2022 REPORT

Greetings in the name of our Lord Jesus Christ. We praise God that we are fine and the Home moving on well though with some sick children but good medical care is got from Maranatha.

With sad moments we lost a child who was brought in the Home for only four days and was severely malnourished with HIV. Kasemiire Evelyne was abandoned by her own mother and police with the Probation Officer brought her for safety but couldn't live long because she was weak.

NEW BABIES

We got 2 children this month.

Ahumuza David: David was abandoned by his own mother and the father is helpless with other 3 children he is taking care of. The police with the probation officer brought him to the Home for rescue. David is blind, he lost his sight since birth and he was taken to different hospitals but was not healed and this report was given by the father.

Isaac Talemwa: Isaac was brought in the Home by police and the Probation officer because his step Dad was seriously torturing him. He was seriously beaten and always tortured by this step Dad and the police put him in jail to serve a punishment of child torture. Isaac is 4 years old and had never gone to school because the step Dad couldn't pay the school fees.
